PROFIT WARNING

This announcement is made by the Company pursuant to Rule 13.09 of the Listing Rules and the Inside Information Provisions under Part XIVA of the SFO.

The Board wishes to inform the shareholders of the Company and potential investors that based on the preliminary assessment by the Board of the unaudited consolidated management accounts of the Group and the information currently available to the Board, the Group is expected to record a decrease of approximately 85% to 95% in net profit for the 2025 Interim as compared to the unaudited net profit of approximately HK\$9.9 million for the six months ended 30 June 2024.

Shareholders of the Company and potential investors should exercise caution when dealing in the securities of the Company.

This announcement is made by Best Linking Group Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on the Main Board (the “**Listing Rules**”) of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the “**SFO**”).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company and potential investors that, based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2025 (the “**2025 Interim**”) and other information currently available to the Board, the Group expects to maintain a positive unaudited net profit from its continuing operations for the 2025 Interim. However, such unaudited net profit is anticipated to be significantly declined by approximately 85% to 95% for the 2025 Interim as compared to the unaudited net profit of approximately HK\$9.9 million for the six months ended 30 June 2024.

The Board considers that the expected decrease in net profit for the 2025 Interim was mainly attributable to the following factors:

- (i) the decrease in gross profit margin was attributable to the change in product mix, marked by a decrease in the sales of slewing rings (which has a higher profit margin), despite there was an increase in the sales of brand new machineries and minerals (which have a lower profit margin);
- (ii) fair value loss recognised on financial assets at fair value through profit or loss; and
- (iii) increase in selling and distribution expenses including but not limited to freight expenses in 2025 Interim.

The information contained in this announcement is based on the preliminary assessment of the unaudited information currently available to the Board, which has not been audited or reviewed by the auditors of the Company. The consolidated results of the Group for the 2025 Interim have not yet been finalised as at the date of this announcement. The actual results of the Group for the 2025 Interim may be different from what is indicated in this announcement. It is expected that the announcement of the results for the 2025 Interim will be published in August 2025.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
